
Applicants are requested to submit **five copies** of this form and plans (together with the correct fee) to **Warwickshire County Council** who, as **Minerals Planning Authority**, will determine it.

(Please read the attached notes before making your application.)

### 1 applicant details (please use block capitals)

<table>
<thead>
<tr>
<th>i) applicant (block capitals)</th>
<th>ii) agent (if any) to whom correspondence be sent (in block capitals)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>name</strong> Lafarge Tarmac Trading Limited</td>
<td><strong>name</strong> Dave Pitt</td>
</tr>
<tr>
<td><strong>address</strong> Mancetter Quarry, Quarry Lane, Mancetter, Atherstone, Warwickshire.</td>
<td><strong>address</strong> 1 Tennyson Street, Swindon</td>
</tr>
<tr>
<td><strong>post code</strong> CV9 TRF</td>
<td><strong>post code</strong> SN1 5UT</td>
</tr>
<tr>
<td><strong>tel. no.</strong></td>
<td><strong>tel. no.</strong> 01793612173</td>
</tr>
</tbody>
</table>

### 2 site details

<table>
<thead>
<tr>
<th>i) address and/or location of land to be developed, in sufficient details to enable it to be readily identified</th>
<th><strong>Mancetter Quarry, Quarry Lane, Mancetter, Atherstone, Warwickshire, CV9 2RD</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>ii) total application area (in metric units) (outlined red on plan)</td>
<td><strong>96ha</strong> hectares/m²</td>
</tr>
<tr>
<td>iii) state whether applicant owns or controls any adjoining land and if so, give its location (outlined blue on plan)</td>
<td><strong>N/A</strong></td>
</tr>
<tr>
<td>iv) state the purpose for which the land and/or buildings are now used, or the last purpose for which they were used, giving the date</td>
<td><strong>Mineral extraction and ancillary processing operations</strong></td>
</tr>
</tbody>
</table>

### 3 the proposal

| i) describe briefly the proposed development, including all the purposes for which the land and/or buildings are to be used. | **The lateral extension of the existing quarry, the creation of permanent landform features, the consolidation and regularisation of existing operations and associated ancillary development.** |

**IMPORTANT** Please describe precisely what you are applying for. The wording used in your answer to this question will be used in any planning permission.
3 the proposal (cont'd)

ii) state whether the application is for:
   a) full planning permission
   b) outline planning permission
   c) permanent permission
   d) temporary permission
   e) alteration of condition(s)
   f) change of use
   g) development of a new site
   h) development of an existing site
   i) new building(s)
   j) alteration or extension of existing building
   k) construction or alteration of access

iii) if application does NOT relate to a new site, state estimated remaining life of permitted site.
     1 to 3 years _______ months _______ weeks

4 transport & traffic details

i) is there an existing means of access to the site from the highway?

ii) if yes, state:
   a) number of accesses and whether vehicular or pedestrian
   b) width
   c) whether made up (if yes, give details of construction)

iii) does the proposed development involve construction of any new access(es) to the site from the highway OR the alteration of any existing access(es) referred to in 8(i) & 8(ii)?
   a) proposed width
   b) method of construction

iv) number of vehicles expected to enter and leave the site each day

v) method of transportation (including weight and type of vehicle)
5 development details

i) type of mineral(s) to be extracted
   diorite

ii) quantity of:
   a) material to be extracted
   See section 2 of EIA
   2 million tonnes
   b) saleable mineral (in tonnes)
   See section 2 of EIA
   2 million m^3
   c) waste
   400,000 tonnes
   d) overburden

iii) estimated annual output (in tonnes)

iv) estimated duration (in years/months/weeks) of:
   a) the overall operation
   2025
   b) site development works
   N/A
   c) extraction
   approx. 8 years
   d) restoration
   progressive

v) for underground working state:
   a) depth below surface
   n/a
   b) thickness of seam(s)
   n/a

vi) for surface working state:
   a) maximum depth of working face(s)
   approx. 50m AOD
   b) total depth of excavation
   approx. 50m AOD
   c) thickness of mineral deposit
   approx. 48m

vii) how is it proposed to deal with:
    a) topsoil and subsoil?
    See supporting statement and associated plans
    b) overburden?
    See supporting statement and associated plans

viii) details of plant and machinery used for extraction:

ix) will explosives be used?
   if yes give details
   See appendix 6 of EIA
   Dump truck - as existing

x) method of transporting mineral to the processing plant

xi) if the working is to take place below the natural water table will the working be wet or pumped dry?

xii) if pumped, will diesel or electric operated pumps be used?

xiii) give the estimated depth at which water will be reached

See appendix 8 of EIA

See appendix 8 of EIA

See appendix 8 of EIA
Warwickshire County Council

6  details of processing the mineral

i)  details (including capacity) of plant and machinery to be used for processing
    As existing

ii)  maximum height of plant
     As existing

iii) maximum height of stockpiles
    As existing

iv)  details (including quantities) of any other materials brought onto the site for processing
     As existing - see supporting statement

v)  from where will the water for processing (if any) be abstracted?
    See appendix 8 of EIA

vi) means of disposal of waste water (if any)
    See appendix 8 of EIA

vii) for other waste give:
    a)  nature of waste
    See section 2 of ES

    b)  estimated annual quantity
    See section 2 of ES

    c)  method of disposal
    See section 2 of ES

    d)  heights of any waste tips
    See section 2 of ES

7  details of any other buildings, plant or structures to be erected

As existing

8  details of any measures proposed for the suppression of noise and dust from extraction or processing operations

See appendices 5 and 7 of EIA

9  hours of

i)  mineral extraction
    As existing

ii)  processing and ancillary operations
    As existing

iii) vehicular movements
    As existing
10 uses of the mineral if required for specialised purposes

inter alia specialist surfacing materials - see supporting statement

11 details of transporting the mineral to the market

i) area of distribution
   as existing

ii) method of transportation
    (including weight and type of vehicle)
    as existing

iii) number of vehicles expected to leave the site
     each day (on average/max & min)
     as existing

iv) proposed means of cleaning the wheels of vehicles leaving the site
    as existing

12 restoration

i) proposals for after-use, eg agriculture, forestry,
   water recreation, etc
   agriculture and habitat

ii) means of achieving restoration, including types
    and quantities of any filling materials
    see supporting statement

iii) details of proposed drainage of the restored
     land
     see supporting statement

iv) aftercare proposals, or summary of items to be
    agreed at a later date
    submission of aftercare scheme further to an appropriate condition

13 are the applicants/agents aware of any archaeological remains within the application site?
give details

NO/YES see appendix 9 of EIA

14 what number of people would be employed at the site as a consequence of the proposal?

As existing - 26no. full time employees
15 additional information

please attach any further information in support of the application, as a written statement; this will be considered as part of the application. Any of the above questions which necessitate a more detailed answer than space allows should also be covered in a supporting statement and referred to accordingly.

ATTACHED/NONE Supporting Statement including one appendix, Environmental Statement including ten appendices, Non-Technical Summary, Plans ref. M095/00044 - M095/00054

16 certification

i) please tick certificates included
   Certificate A  
   Certificate B  ☒
   Certificate C  
   Certificate D  
   Agricultural Holdings Certificate  

17 fees

i) what fee accompanies this application? £ 65,000

18 declaration

I/we hereby apply for permission to carry out the development described in this application and on the attached plans and drawings and certify that the information is correct and (in the case of agents) that I am/we are fully authorised to submit this application on behalf of the applicant(s)

(a) This Certificate is for use with applications and appeals for planning permission (articles 7 and 9(l) of the Order). One of Certificates A, B, C or D (or the appropriate certificate in the case of certain minerals applications) must be completed, together with the Agricultural Holdings Certificate.

(b) "owner" means a person having a freehold interest or a leasehold interest the unexpired term of which is not less than seven years, or, in the case of development consisting of the winning and working of minerals, a person entitled to an interest in a mineral in the land (other than oil, gas, coal, gold or silver).
